MÆNSA MONARCH depth of color

Designer: Bucurenciu I. Mircea

MÆNSA MONARCH depth of color is a high quality product. The top is made of Nero Absoluto granite, characterized by its intense black color with shades of dark grey and with a glossy finish, thus giving the product a special sophistication. This type of granite originates from the Chamrajnagar region of India and is very resistant to abrasion which turns it into an ultra-durable luxury piece.

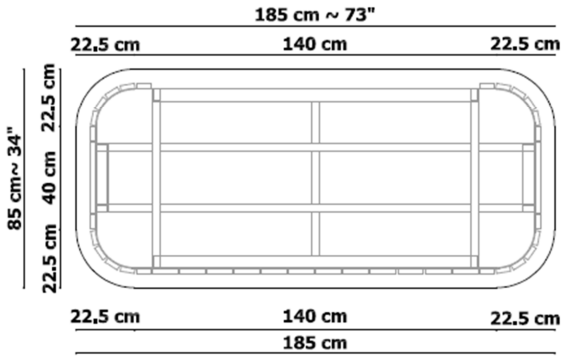

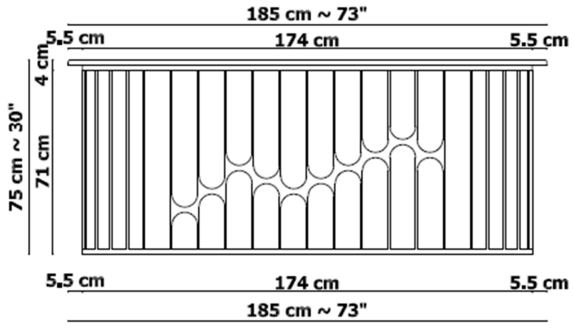

The design of the metal structure of this desk in combination with Red Multicolor onyx creates a strong visual impact and transforms any room into a masterpiece.
