MÆNSA MONOLITH magna petra

Designer: Bucurenciu I. Mircea

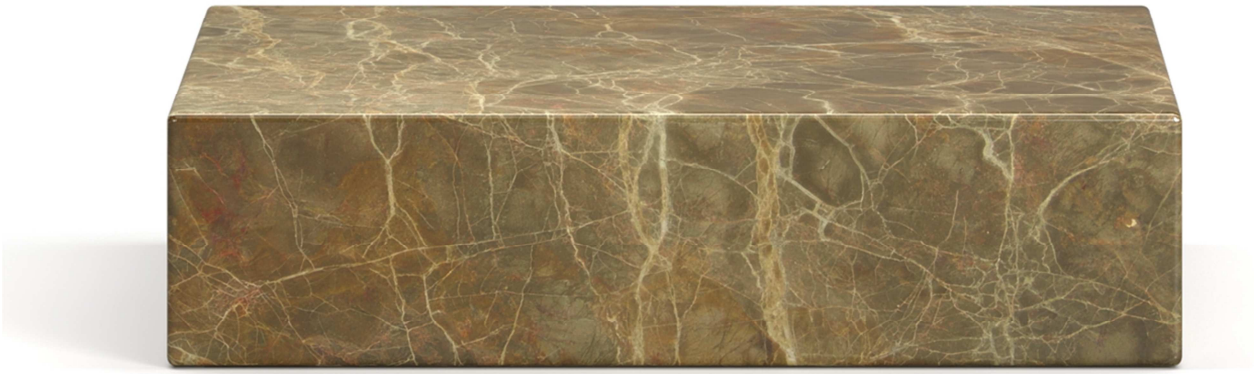

MÆNSA MONOLITH magna petra is a high quality product. This product, which was made with a lot of passion, has the functionality of a coffee table and can be the perfect choice in a living room or a lounge room, being a piece of resistance with a strong visual impact. Ambrato marble originates from Italy, Provincia di Barletta and is characterized by a basic brown color and a strong brown-gold veining that gives it a special elegance.

Ambrato marble is a first-class material that, thanks to the minimalist design of the table, can be integrated into any type of arrangement, contemporary or classic.

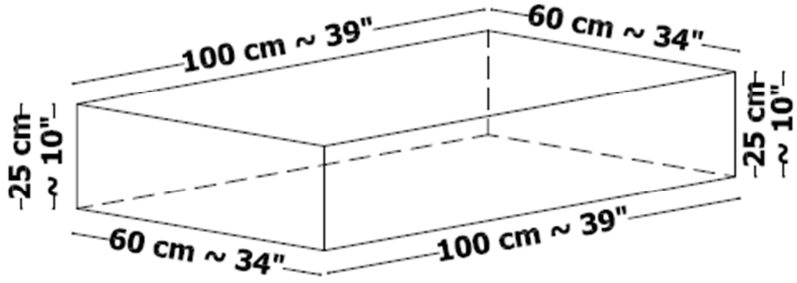

Tepeaca Pink Rose marble originates from Mexico and is characterized by a prominent veining that gives the product a strong personality. We also offer you the opportunity to choose Prestige Brown marble, which is a distinctive and elegant marble, extracted from Turkey, Kastamonu area, with a dark brown color and a spectacular white veining.

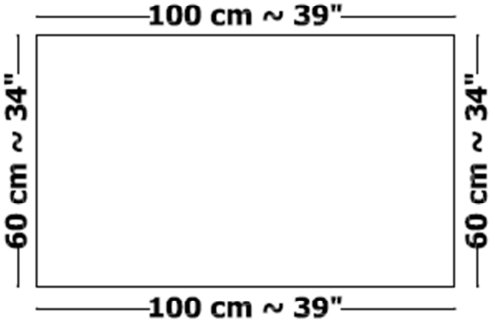

MÆNSA MONOLITH magna petra is a premium product that can also be made in other options of premium materials presented on the website, so that it can be perfectly integrated into your project.
